Objective

Final-year Computer Science Engineering Student with strong foundations in Core Java, Data Structures, and Object-Oriented Programming along with hands-on experience in web application development. Seeking a Software Engineering Internship to apply backend development skills, problem-solving abilities, and contribute to building scalable and efficient software systems.

Education

B.E – Computer Science and Engineering

V.S.B College of Engineering Technical Campus, Coimbatore, Tamil Nadu

Sep 2023 – May 2027 (Expected)

CGPA: 8.41

Higher Secondary Certificate (HSC)-Class XII

Vighneshwar Vidhya Mandhir Matriculation Higher Secondary School

Year of Passing: 2023

Percentage:81.6%

Technical Skills

Languages: Python, C, Java, SQL

Core java Concepts: OOPS, Collections Framework, Exception Handling, Multithreading (Fundamentals), Data Structures & Algorithms.

Web Development: HTML, CSS, JavaScript

Frameworks/Tools: Git, GitHub, VS Code

Design Tool: Canva

Languages

- English
- Tamil (Native)

Internship

- Full stack Web Development Intern
- GATEWAY SOFTWARE SOLUTIONS – June 16 to June 30, 2025
 - i. Built and modified web pages using HTML, CSS, and JavaScript
 - ii. Assisted in debugging and improving
 - iii. UI responsiveness. Gained understanding of frontend-backend interaction

- Mern stack Development Intern
- VIRUZVERSE SOLUTIONS – December 29,2025 to January 27,2026
 - i. Learned fundamentals of MongoDB, Express.js, React, and Node.js
 - ii. Created basic components and handled simple data flow
 - iii. Gained exposure to REST API structure and backend development

Projects

Quad Secure Attendance System:

- Developed a secure attendance system using GPS, face recognition, eye-blink detection, and voice authentication
- Prevented proxy attendance using multi-factor verification
- Improved efficiency by reducing manual attendance time and errors
- Technologies used: Java

Problem Solving

Solved over 300+ coding problems on LeetCode, developing strong problem-solving and logical thinking skills. Gained hands-on experience in solving problems related to data structures, algorithms, and Core Java.

Certifications

- Certification in Programming Languages : C, python
- Certification in NPTEL : Google cloud Computing
- Certification of Participation : Paper presentation on Internet of Things
- Certification of Completion: Natural Language Processing Workshop
